## FINANCIAL AND COMMERCIAL

Settlement of the Railway War.

STOCKS GENERALLY FIRM.

Gold Strong and Higher

WALL STREET, WEDNESDAY, June 16-3 P. M.

On account of the yacnt race there was quite a slim attendance at the Stock Exchange yesterday, and the volume of business accordingly was not large. Prices in the main developed an advancing tendency, and the cheerful trade prospects seemed to inspire confidence in better figures in the near luture. The stories set affoat by interested parties a day or two since, that the Reading Ratiroad and passed their dividend, had a semiauthoritative denial yesterday from Patladelphia. it was said to be barely possible that the usual dividend would be paid in August instead of July, masmuch as under their charter the company could not pay any dividend unless actually the directors becoming individually hable by any such action. The near settlement of the mining troubles, however, leaves but little doubt that all the great coal interests, both in the Schuyikili and Wyoming regions, will soon assume a more cheerful and encouraging outlook. In this market the good dividend paying stocks, such as Western Union, New York Central, New Jersey Central and Delaware, Lackawanna and Western, are being gradually absorbed by bond fide investors, who pay for their securities and carry them out of the street, caring little for the

ARTPUL JUGGLERY which depresses without reason and inflates without a basis the stocks daily bandled as footpalls on the Stock Exchange. This may account for the firmness of many of the above quoted stocks, and it is the opinion of the most thoughtful financiers that if even poor Pacific Mail could be gerrymandered into bankruptcy and a receiver appointed, as in the case of Erle, the stock would largely appreciate, as the public would have faith at last in honest management, and would come forward to support a property which has been well nigh confiscated by knavery, and only needs good management to place it on a dividend-paying basis. To-day we have a rumor that Panama tas made an arrangement for remunerative traffic with Pacific Mail: to-morrow it may be contrasicted, and so the bulls and bears play shuttlecock and battledore with the property of our citizens. It is time such financial antics should cease. The course of the market is indicated by the following

THE MONEY MARERT.

Money was easy at 2 and 2% per cent on call oans. Mercanille paper is unchanged. Sterling exchange is steady and firm; prime, asking rates, 1.88 and 4.91; selling rates, 4.87 a 4.87% and 4.90 a 4.90%. Reichmarks, 94% a 94% and 95% a 95%. Caoles, 96. Prime Paris, 5.15 a 5.11%. The only record must be of extreme dulness in this de-

was firm in the morning, and great strength was developed as the day wore on. The Cunard steamer takes out nearly \$2,000,000, and it is said about \$1,300,000 is engaged for the German steamers to-morrow. The advance of the gold premium to 117, at which rate it was firmly maintained, was regarded as indicative of nigher

THE POREIGN MARKET. The London advices report the rate of discount

in the open market for three months' bills ad-wanced to 3% per cent. Consols are steady and American recurities firm. To-day is fortnightly settling day at the Stock Exchange. After the tiose of business yesterday the latture of Shund k Co., East India merchants, and Alexander, Collie & Co., of Mancaester, was appounced, the former with liabilities of £250,000 sterling, and the latter £3,000,000 sterling. These failures do not involve any American nouses. Late advices from London reported the additional failure of Messrs. Rainbow, Holberton & Co., with liabilities stated at £125,000. No further particulars. A great many sensational reports of failures were sent over the wires, but it is believed these were in the interest of Erie manipulations 12 London, and consequently are not reproduced here.

GOVERNMENT BONDS. Government bonds here are strong and where shanged are higher. In State bonds the business was confined to Tennesees, which were higher, the old sixes 2%; new sixes sold at 51%, last bid 40%, and sixes, new series, were I per cent migher.

RAILBOAD BONDS.
Railroad bonds were firm in the afternoon dealings, particularly for the Pacific Issues, which closed at the highest prices of the day. One lot of \$50,000 Union Pacific land grants brought 99. Rock Island sevens and Hartem sevens sold at 110. Chicago and Northwestern consolidated coupon gold bonds advanced to 80%. C., C. & I. C. firsts sectioned to 47%. Central Pacific bonds closed at 105% to 103% and Union Pacifics at 104% to 104% for firsts, 99 to 160 for land grants and 93% to 94 for

sinking funds. MEMORANDA. The Baltimore and Onto Ranfroad and Pennsylfanta Rasiroad companies were reported yester-

day to have harmoniously arranged all their differences, and it is not too much to predict that within ten days old passenger and freight rates will prevail to a great extent over all the late competing lines. Mr. A. J. Drexel, of Philadelphia, is largely credited with being the mediator etween Mr. Garrett and Colonel Scott.

PHILADELPHIA STOCKS are quoted by Messrs. Glendinning, Davis & Amory at the close of business: - City sixes, new, 107; United Kailroad of New Jersey, 1311/4; Pennsylvania Railroad, 50%; Reading Railroad, 54; Lenigh Valley Ratiroad, ex dividend, 601; Catawissa Railroad preferred, 41%; Philadelphia and Eric Ratiroad, 20%; Schnylkill Navigation preferred, 14%: Northern Central Railroad, 30%; Lenigh Navigation, 50%; Oil Creek and Allegheny Rail; way, 10 sales; Hestonville Railway, 25%; Central Transportation, 45%.
